

The Upper Moreland Primary School A Caring Community!

The Primary School Community is focusing on the virtue of caring during this third quarter. We are excited to share about a special collection we will be having in our school. After a presentation that was made by Mr. Tom Murt, our State Representative on Diversity Day, the children were very impacted by his words of how the children/people of Iraq are in need of certain items. The following items are what we are hoping to collect by our families:

- balls for playground use
- crayons and markers
- dolls (new or used)
- hats (any style-baseball, etc)
- hair barrettes or tie-backs
- school supplies
- stuffed animals (new or gently used)
- toys (McDonald's or any variety)
- trinkets or jewelry of any type

During the weeks of February 25-March 14, we are asking your child to bring in their contribution. The teachers will collect these items in their classrooms and the items will be picked up weekly. Thank you so much for allowing your child to reach out to those in need. When caring acts such as these are shown, we help to develop character in our Primary School students. Thank you again.
