**WHO IS INTERESTED IN JOURNALISM/CREATIVE WRITING?**

**Denison University** - Denison University is offering a Young Writers Workshop this summer. June 17-24, 2018. This is a week-long summer creative writing for current sophomores and juniors. Application open online January 3, 2018. Application deadline is March 4, 2018. For more information go to: reynoldswriting@denison.edu

**The New England Center for Investigative Reporting**, based at Boston University's College of Communication, is again offering a unique Investigative Journalism Workshop this summer. This program would be a perfect fit for students
who are interested in journalism or writing. Apply by January 31, 2017. Scholarships awarded by February 15, 2018. Boston University sessions only. Nearly 135 students from 26 states and 15 countries attended last summer's workshop, and we are expecting sessions to fill up quickly for 2018. For more information go to: studentprograms.necir.org

Susquehanna University- If you're a talented writer entering 11th or 12th grade in fall 2018, join us for our Summer Writers Workshop. From July 22-28, you’ll be immersed in intensive, small-group workshops in fiction, creative nonfiction, screenwriting and poetry led by nationally recognized authors.

**WHO IS INTERESTED IN MEDICINE?**

Drexel University College of Medicine - offers Mini-Med Summer Camp at Hahnemann University Hospital: This is an opportunity for current Junior and Senior students interested in exploring medicine as a career. Two 3-week sessions in Surgery, Ambulatory Care and the Pre-Clinical Years are available. To apply or view complete details visit the website www.drexelmed.edu/minimed/camp. Application deadline is March 2, 2018.

**WHO IS INTERESTED IN THE SCIENTIFIC BASIS OF HUMAN HEALTH?**

The University of Pittsburgh Health Career Scholars Academy

The dynamic world of health care *plus* the expertise of University of Pittsburgh academics and facilities. This educational mixture shapes a unique, academically rigorous, hands-on campus experience for students attending the Health Career Scholars Academy (UPHCSA) each summer. The Academy is often a springboard for future studies in medicine.

June 24 - July 21, 2018 For more information go to [http://www.hesa.pitt.edu/](http://www.hesa.pitt.edu/) Applications for the 2018 program will be available October 1.
WHO WANTS TO DO HANDS-ON ECOLOGY RESEARCH IN LOCAL STREAMS?

At Susquehanna University’s Stream Ecology Institute, students study the living and non-living components of stream systems and how those elements interact with each other. They'll search under rocks for crawdads and salamanders, and test stream waters for phosphate, nitrogen and dissolved oxygen, using the same equipment and methods that professionals do. Students entering grades 10 through 12 in the fall of 2018 are invited to apply. Selection is competitive and based on a letter of recommendation, academic skills, current interests in the environment and future career aspirations.

Held the week of July 8 - July 14, 2018. For More information go to www.susqu.edu/academics/summer-high-school-programs/stream-ecology-institute

WHO IS INTERSTED IN BUSINESS?

Cornell University - Offering 2, 3 and week programs. Numerous programs in Business and Leadership, more. Earn 3 to 6 credits in courses with Cornell Faculty. Learn more: call 607-255-6203, summercollege.cornell.edu

The Leadership Institute for Entrepreneurship (LIFE) at Susquehanna University

A unique summer experience for high school students seeking a challenging and fast-paced business boot-camp experience! Offered to current 9th, 10th & 11th grade students. You have two opportunities to join 2018's LIFE program:
Week 1: Sunday, June 24, to Saturday, June 30, 2018
Week 2: Sunday, Aug. 5, to Sunday, Aug. 12, 2018

Live the life of an entrepreneur this summer with Susquehanna University’s Sigmund Weis School of Business.

The Leadership Institute for Entrepreneurship (LIFE) at Susquehanna University provides high school students like you with an exclusive leadership opportunity to better prepare you for future success.

Working in a simulated entrepreneurial setting, you and your teammates will start and run your own business. Your team will also engage in a variety of business-related competitions and develop your own infomercial. During this exciting and challenging week, you will acquire leadership and team-building skills, develop new friendships and learn valuable lessons from the pros. For more information go to:
www.susqu.edu/academics/summer-high-school-programs/leadership-institute-for-entrepreneurship
***Did you ever wonder what it would be like to run a business? Open to high school sophomore or junior who dreams of being your own boss someday? Pennsylvania Free Enterprise Week (PFEW) is a week-long, summer camp opportunity for you to find the answers to these questions and so much more! Live on College Campus for a week. Scholarship opportunities are also available. Stop by the Guidance Office for more information and an application. Or visit www.pfew.org

Early Bird Registration Deadline - March 2, 2018
Final Deadline - April 6, 2018

WHO LOVES BAND AND/OR CHOIR?

Susquehanna University High School Wind Ensemble Institute - Each summer, 54 gifted woodwind, brass and percussion players are invited to Wind Ensemble Institute, a summer performance experience for high school students. During this week-long program, you'll live on campus and focus on chamber music and symphonic wind ensemble performance. You'll work with Director of Bands Eric L. Hinton, Ph.D., HonFBC, as well as other distinguished Susquehanna faculty members. Wind Ensemble Institute is open to high school students entering grades 9-12 in the fall of 2018. Selection is competitive. For more information go to: www.susqu.edu/academics/summer-high-school-programs/wind-ensemble-institute

Students may audition on one of the instruments:

- Flute
- Oboe
- Clarinet
- Bassoon
- Saxophone
- Trumpet
- Horn
- Trombone
- Euphonium
- Tuba
- Percussion (must audition on two of the following: timpani, snare drum or mallet percussion)
WHO LOVES FASHION?

Banson NYC High School Fashion Summer Camps:
2 NYC Fashion Summer Camps for high school students designed for teens entering 9th through 12th grades. Each week-long session will teach the students the fundamentals of the fashion industry by providing an insider's perspective. The students will stay at the LIM College Residence Hall on the Upper Eastside. Each morning the group will be picked up at the dorm by a Banson NYC representative. From there we will depart for our visits, seminars and activities of the day. Each evening will have group activities planned. Enrollment is limited to 20 campers per session. We accept applications on a first come, first served basis. Go to http://www.bansonnyce.com/ for more information.

WHO WANTS AN AMAZING CULTURAL EXPERIENCE?

Tufts University – Tufts Summit
This exciting program in the French Alps for rising high school juniors and seniors takes place at the Tufts University European Center in Talloires, France. Students will take college-level courses in International Relations and French language and culture. More information is available by calling 617-627-3290 or by visiting http://asc.tufts.edu/EuropeanCenter.

WHO WANTS TO BE LEADER?

Temple University will hold its Summer Owls Leadership Experience (SOLE) on campus from July 9 to July 27, 2018. This 3-week intensive academic and leadership program provides students with the opportunity to live on-campus, earn 3 college credits, and gain valuable leadership experience. Participants who complete the college course (3 credits) in the Summer Owls Leadership Experience successfully and later apply and are accepted as first-time, full-time freshman to Temple will be eligible for a $4,000 ($1,000 annually) scholarship. There is a $55.00 application fee. This will be waived for any application received through May 15, 2018. For more information about the Summer Owls Leadership Experience: visit our website at temple.edu/highschoolstudents, call 215-204-2712 to request more information or email summerleadership@temple.edu.
WHO IS INTERESTED IN THE FBI?

The FBI National Academy Associates, Inc. (FBINAA) hosts a week long training event for high school students at the FBI Academy every summer called the Youth Leadership Program (YLP). Qualified candidates must be 14, 15, or 16 years old at the start date of the program. NO EXCEPTIONS WILL BE MADE TO THE AGE REQUIREMENT. You must be sponsored by an FBINAA Chapter. Held June 21-29th, 2018.

Each of our 48 chapters may elect to send a student to represent their chapter during this prestigious program. To be selected, a student must have demonstrated high academic standards and good citizenship, and they must be nominated by an FBINAA graduate in good standing. Chapter representatives interview the candidates and select their choice to attend the program. The candidates’ qualifications are reviewed by the Executive Office and the YLP Coordinator, who make the final selection.

The program is made possible through the cooperation of the FBI, and both tuition and lodging are free. Each chapter pays for their candidate’s travel expenses, and most chapters send some spending money with the student. While the program is not offered exclusively for those choosing a career in law enforcement, interested candidates should possess a desire to gain knowledge in the American system of criminal justice, including police organization, leadership and the structure and operation of criminal courts. Participants will also be expected to share the knowledge gained with their peers following completion of the program.

Individuals interested in attending the Youth Leadership Program (YLP) are requested to contact their local chapter officers for further information.

STUDYING AT STANFORD INTEREST YOU?

Stanford University is offering Pre-Collegiate studies for summer 2018. For more information and to register go to www.spcs.stanford.edu/collegecounselor

Stanford Sports Business Academy – Gives High School students an overview of careers in the sports and entertainment industries, with a focus on management, law, negotiation, marketing, and leadership. Students will experience what it’s like to work in the business of sports and entertainment and will meet leaders and athletes in professional sports.

Summer Humanities Institute- Rising High School juniors and seniors explore the big questions at the heart of humanities in seminars led by distinguished Stanford professors. Students spend the first two weeks intensively studying and researching a topic in history, philosophy, or literature, attending daily lectures by the faculty members, and participating in group discussions. During their third week, students work closely with their professors, graduate students, and writing mentors to produce original research projects.

Summer Arts Institute- High School students from around the world come together for a 3 week intensive program offering academically engaging interdisciplinary courses in design, music, and architecture. The Summer Arts Institute’s four courses emphasize the essential connections between the arts and other areas of study.
Artificial Intelligence Laboratory’s Outreach Summer Program -
The Stanford Artificial Intelligence Laboratory’s Outreach Summer program intends to increase diversity in the field of Artificial Intelligence. Current 9th grade girls are encouraged to apply. Students will learn about Artificial Intelligence through a combination of lectures, hands-on research projects, field trips and mentoring activities during this 3 week residential program.

Summer Institutes - At the summer Institutes, high school students engage in Intensive, single-subject courses with instructors and peers who share their talents, passions, and interests. Coursework is tightly integrated with the social experience in academically themed residences. Courses in areas ranging from business to biotechnology and cryptography to creative writing are customized to give students deep exposure and hands-on experience. There are over 50 courses from which to choose.

Stanford University Mathematics Camp (SUMaC) - At SUMaC, an elite group of talented rising high school juniors and seniors from around the world come to Stanford for intensive study in advanced mathematics through lectures, guided research, and group problem solving. In a social environment centered on mathematics, students explore current lines of mathematical research and applications across scientific disciplines.

Also check out the over 145 College courses that can be taken online!

COLLEGE CLASES AT GETTYBURG COLLEGE INTEREST YOU?

Gettysburg College offers several opportunities for High School Juniors and Seniors of the summer months.

- **Camp Psych** - Campers will get hands-on experiences that introduce them to research in psychology during this fun, challenging, and engaging introduction to the field.
- **Campaigns and Elections Academy** - This program is designed for highly-motivated students who have a strong interest in American campaigns and elections. Participants learn about the origins and evolution of democracy in America and gain hands-on experiences related to modern political campaigns.
• **Writing Camp** - Students gain an in-depth introduction to all four genres of creative writing: fiction, poetry, nonfiction, and writing for stage and screen.

• **3D Object Modeling and Printing Camp** - Students will study 3D object modeling and printing starting with the basics of a 3D printer. After learning the fundamentals, they will practice designing objects.

• **Coding for Robotics & Electronics Camp** - Students will gain hands-on experiences in coding, wiring, hardware, and building robots through the open source software known as Arduino. Throughout this camp, campers will learn basic electrical engineering, the physics behind electricity, and how to think like a scientist.

• **Civil War Institute Summer Conference** - The High School Student Scholarship component of Gettysburg College's annual Civil War Institute summer conference provides high school students an opportunity to explore the history of the Civil War era on the site of the war's most decisive battle.
