

Good evening. PIAA made an official announcement this afternoon that fall sports can start throughout Pennsylvania on Monday, August 24th, 2020. Upper Moreland, along with other high schools in the Suburban One League, will officially begin on Monday, August 31st. We already received Board approval for our Health and Safety Plan last month; therefore, I will continue to work closely with our High School Principal and Superintendent to make any necessary adjustments if/when needed. Any significant changes will be communicated to all parents, students, coaches, and the Board of School Directors and posted on our district website.

It is essential to understand that the school district will continue to collaborate with other schools in the Suburban One League throughout the fall sports season. We will also continue to review and comply with the recommendations from the Montgomery County and Pennsylvania Department of Health to ensure that we maintain a safe environment for our students and coaches. Coaches received information from me about our health and safety plan and additional updates from the PIAA several weeks ago. Our students and parents can expect communication from our coaches over the next few days.

Please don't hesitate to contact me if you have any additional questions or concerns.

Stay safe, and enjoy the remainder of the summer.

Sean Feeley, Assistant Principal & Athletic Director
