UMSD Earns Award for Excellence in Financial Reporting

WILLOW GROVE, PA — The Upper Moreland Township School District has been recognized for its excellence in financial reporting for the fifth consecutive year by the Association of School Business Officials (ASBO) International.

The district received a Certificate of Excellence (COE) for its commitment to transparency and high-quality financial reporting. The honor recognizes the district's efforts on its [Annual Comprehensive Financial Report](#) (ACFR) for the fiscal year that ended June 30, 2021.

A team of financial professionals reviewed the district's ACFR, finding that it met the high standards for the award. By applying for and earning this certificate, UMSD has demonstrated its dedication to transparent stewardship of public funds and improving its financial reporting with review comments from school finance professionals.

"In each year's comprehensive financial report, the Upper Moreland School District aims to be both as accurate as possible and as transparent as possible about our finances with our district community," said Mr. Matthew Lentz, Chief Financial Officer and Board Secretary. "We are incredibly grateful to be recognized with the Certificate of Excellence, which would not have been possible without our team's diligent and attentive work on our annual report."

[ASBO International](#)'s Certificate of Excellence has been awarded to school districts for 50 years, honoring their high-quality ACFRs.
